DANIEL McLAUGHLIN, Editor.

The Southern States.

The work of registration, and we may add reconstruction in the south, goes bravely on. The return to reason of extremists in both North and South, is having the proper effect. Malcontents in both sections, could they manage affairs, would keep up a perpetual turmoil and have the people by the ears again. Better counsels are prevailing, and the bitter hate so successfully kept alive by designing politicians for years, is surely dying out. Aspersions are being toned down, and distrust giving way to confidence. Some rows occur occasionally, and the narrow minded make excuses of them to continue things as they are, and keep the South out in the cold, until after the Presidential campaign. The most prominent of Southern reconstructionists, are the brave men who bore the brunt of battles for the South. They are accepting the situation, and working with their sleeves rolled up, to bring about a final reconciliation and understanding. Their efforts will be crowned with success, and the next congress will witness all the Southern States represented on the floors of Congress. The efforts of political mad caps cannot prevent this result. It was Old Hickory who swore that "the Union must and shall be preserved."

VERY MUCH ALARMED.—We confess that we are right glad that the editor of the *Daily Telegraph* is evincing a proper spirit in relation to marriage. The virtuous admonitions of the VEDETTE are not altogether lost on him; and we hope to have the pleasure of chronicling, still further his advances towards a civilized view of matrimony. He is afraid that the love of money is going to "bust" that venerable institution. Hear him, sobbing:

"The sacredness of marriage will be a thing of the past, a thing which has no chance against pecuniary interest."

That's pretty good for a start-er. He bulges in against "pecuniary interest" in an implacable mood. We say, go it! We intend to encourage the *Telegraph*, right along, to keep up its lick. Give "pecuniary interest" fits, from the word go! and occasionally give the "twin relic" a "dig," and say it was the VEDETTE. This is a healthy sign, and argues some improvement in the tone of the *Telegraph*.

HOW ADVERTISEMENTS WORK.—A French paper thus traces the sensation of a reader of advertisements:

The first advertisement—He does not see it.

The second insertion—He sees it but don't read it.

The third insertion—He reads it.

The fourth insertion—He looks at the price.

The fifth insertion—He speaks of it to his wife.

The sixth insertion—She is ready and willing to buy.

The seventh—He purchases.

GENERAL ROSECRANS FOR GOVERNOR.—It is stated among the politics on dits, that the hero of many a well-fought field has consented to be the Democratic candidate for Governor. The people delight to honor those who have faithfully served them, and if "Old Rosy" is a candidate for Governor, he may consider his election sure.—*San Francisco Sun.*

[SPECIAL TO THE "DAILY UNION VEDETTE."]

Salt Lake, June 9.

Both lines have been down one hundred miles east of Julesburg for five days, on account of the Indians and heavy storms. Gen. Sherman at Julesburg has recommended that the stage company transfer their passengers at Julesburg or at the end of the track, as it will save him guarding both sides of the Platte river, when one is sufficient. The stage company have commenced by bringing their boats and stock up to the end of the track, about twenty miles east of Julesburg, where they commence transferring to-day, or to-morrow. Gen. Stevenson and Gen. Gibbons are moving with a force up Pole Creek, and Gen. Augur with another force is moving to South Fork. There are a great number of small bands of Indians stealing horses and scalping all through the country; but no large bands or villages that our troops can strike. Gen. Custar is moving north and driving them from the vicinity of the Republican. It is expected that the Indians will divide and pass around his flanks to the rear, and strike the Smoky Hill route. One repairer has been killed east of Julesburg by the Indians, and several others driven back.

Mr. Bassett, with Tracy's party, proceeded east from Weber this morning.

New York, April 2.

The *Herald's* special Rio Janeiro, dated May 8th, via London June 1st says, mediation of the United States is declined by the Brazillian government, and renewed preparations are being made to prosecute the war to the end.

The *Herald's* Washington special says, it is derstood that Churchill, Woodbridge, Williams, Eldridge and Marshall, of the Judiciary committee are opposed to carrying out anything like the impeachment of Johnson; having come to the conclusion that sufficient evidence has not been obtained.

Judge Kelly has returned to Washington and gives a flattering accout of affairs in the South. In compliance with pressing invitations he will return.

New York, June 3.

The *Herald's* Paris special says, Grand Prix de Paris, worth a hundred thousand francs, with the Emperor's cup, two of the most eagerly sought for by the French turf, were run for to-day on the Bois de Bologne. Nearly a hundred thousand people from every nation were present. Fervanques won. Napoleon, Czar and Grand Duchess of Russia, King and Queen of Belgium, Princess Murat and other royal personages were present.

The *Herald's* Panama special says, officials of Panama held a meeting at which it was resolved to declare the Isthmus independent of Federal rule.

The *Herald's* Orleans special says Juarez' official paper, at San Luis Potosi, recently published all official correspondence in relation to the safety of Maximillian, and comments upon it in a manner that would seem to imply that the Arch Duke would receive no mercy. Juarez's Generals strongly protested against any leniency towards him. It is believed the publication in the official organ is with the view of justification of the future course of the Mexican President, in consenting to his execution.

Gen. Sturin, Mexican agent here, who resides on Staten Island, was serenaded by his Mexican friends on Saturday night. In his remarks he said Juarez couldn't save Maximillian, as the people demanded retaliation for his barbarous decree.

The *World's* special says, Counsel for the prosecution have decided to adhere to the indictment for murder found in the Surratt case, and to abandon all intention of trying him on the charge of conspiracy.

FROM THE WEST.

We copy the following bits of news from the *Reveille*, June 5th:

Greenbacks in San Francisco at 73¼ @ 73¾.

Last quotation of gold in New York was 136¾.

Politics in California are working beautifully. Political riots are the order of the day, and night. Workingmen, Democrats, Coolies, anti-Coolies, Republicans, Abolitionists, Conservatives, Radicals, Long Hairs, Short Hairs, Men, Boys, Plugs and Thugs are all striving for the mastery, and we hope they will win. To believe all that any one set or faction says against the rest, would establish the conviction that there are some rogues on the coast. Matters and things besides the weather, will be warm after a while over in the Golden State. Fie on them! They should not be so abusive, nor seem so distrustful of each other. Just take pattern after us over here in the "heart of the American desert." We conduct primaries and elections with all the solemnity of a funeral; and you dont hear this everlasting bickering and backbiting now so prevalent in California.

The Council Bluffs *Nouparell* has the following:

"The settlers in the Southwest compare General Custar's late cavalry raid upon the Indians to the feat of hunting wild ducks with brass-bands."

Over one hundred Poles arrived in Galveston a few days since. They are to be followed by a very large number of their countrymen.

KNOW THY DESTINY.

MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a life-like picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be! ☞ A YOUNG LADY returning to her country home, after a sojourn of a few months in the City, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty-three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the Circassian Balm, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. The Daily Union Vedette.

To Advertisers.—The VEDETTE is the pioneer daily newspaper of Utah. Its extensive circulation in every mining camp and city of Montana and Idaho, (to which it gives the telegraphic dispatches a whole week ahead of the Pacific papers,) makes it the most advantageous medium for advertising in these four central Territories.

LOCAL AND MISCELLANEOUS.

HOW ABOUT THE MAILS.—A letter from Gov. McCormick, of Arizona, to us, of date the 21st of May, says that the VEDETTE fails to reach Prescott as soon as the San Francisco papers.

It certainly should reach Hardyville in advance of the California papers. Who carries the mail from here there via St. George, and what is the schedule time? Is the VEDETTE carefully read several times on the road from here to Dixie, before reaching subscribers in Arizona? If so we can't find fault with their taste, only in the *manner* of showing it. Subscribe for it brothers! subscribe for it! We too, will take flour and grain to accomodate you, at cash prices.

SALMON RIVER.—By letter from this locality received by W. C. Ervine, Esq., of the Idaho Store, of date May 28th, we learn that matters and things are assuming a brighter aspect. Dust taken out there is becoming plentiful; is the medium of barter and trade, and altogether, Salmon River is looking up. At present there are "loads"of merchandise to satisfy their wants. The snow had nearly disappeared, and a few weeks will definitely settle the long mooted question, "will the Salmon mines pay?"

AWARDING CONTRACTS.—Yesterday the bids were opened by the Quartermaster of Camp Douglas, and the contracts were awarded as follows: For furnishing 60,000 feet of white pine lumber, to Feramorz Little, at $90 per thousand. For furnishing 310,000 shingles, to Horace Wheat, at $18 30 per thousand. For furnishing 20,000 lath, to H. C. Bell, at $20 per thousand.

ON THE TAPIS.—Another horse race for Monday. Four hundred dollars a side is the stakes. Each side planked down, or up—whichever you please—$200 yesterday. That looks like "business." It is "Go-long" and "Botherum" this time. Gentlemen of the turf can make arrangements accordingly.

DIRECT FOR SALMON.—John McGlinchey starts this morning for the new mines. He intends opening a commission house there, and we can cheerfully recommend him to all who may have business in that line to transact. Success will perch upon his banner.

An Alabama paper declares "Brick Pomeroy" an idiot, and thinks his letters and speeches injurious to the South. Besides, it says, "he makes our oppressed people pay to hear him tell how badly we are treated."

Basil Duke is canvassing for a newspaper in Tennessee.

ASTROLOGY.

THE WORLD ASTONISHED

AT THE WONDERFUL REVELATIONS

MADE BY THE GREAT ASTROLOGIST,

Madame H. A. PERRIGO.

She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, castastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those long separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives you the name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and litanous inclosed, sent by mail on receipt of price above mentioned. The strictest secrecy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, inclosing a small lock of hair. Address,

GREAT DISTRIBUTION

MERCHANTS' AND MANUFACTURERS' JEWELRY ASSOCIATION,

193 and 195 Broadway, New York City,

Of Rosewood Pianos and Melodeons, fine Oil Paintings, Engravings, Silver Ware, Gold and Silver Watches and elegant Jewelry, consisting of Diamond Pins, Diamond Rings, Gold Bracelets, Coral, Florentine, Mosaic, Jet, Lava, and Ladies' Sets, Gold Pens with gold and silver extension holders, Sleeve Buttons, sets of Studs, Vest and Neck Chains, plain and chased Gold Chains, &c., &c., valued at

$1,000,000,

FOR ONE DOLLAR.

The Merchants' and Manufacturers'

JEWELRY ASSOCIATION

Calls your attention to the fact of its being the largest and most popular Jewelry Association in the United States. The business is and always has been conducted in the most candid and honorable manner. Our rapidly increasing trade is a sure guarantee of the appreciation of our patrons for this method of obtaining rich, elegant and costly goods. The sudden stagnation of trade in Europe, owing to the late German war, and the recent disastrous financial crisis in Europe, has caused the failure of a large number of Jewelry houses in London and Paris, obliging them to sell their goods at a great sacrifice, in some instances less than one-third the cost of manufacturing. We have lately purchased very largely of these Bankrupt Goods, at such extremely low prices that we can afford to send away Finer Goods, and give better chances to draw the most valuable prizes, than any other establishment doing a similar business. OUR AIM IS TO PLEASE, and we respectfully solicit your patronage, as we are confident of giving the utmost satisfaction. During the past year we have forwarded a number of the most valuable prizes to all parts of the country. Those who patronize us will receive the full value of their money, as no article on our list is worth less than One Dollar, retail, and there are no Blanks. Parties dealing with us may depend on having prompt returns, and the article drawn will be immediately sent to any address by return mail or express.

The following parties have recently drawn valuable prizes from the Merchants' & Manufacturers' Jewelry Association, and have kindly allowed the use of their names:

Frederick V. Browne, Esq., Treasury Department, Washington, D. C., piano, value, $450; Miss Anna L. Frost, Waverley Terrace, N. Y. City, Ladies' gold enameled and diamond set watch, value, $300; William B. Emmons, New Orleans, La., sewing machine, value $75; George L. Davenport, Mobile, Ala., silver tea set, value, $200; Miss Lucy Orcutt, Albany, Ill., sewing machine, value, $65; Mrs. Mary J. Downing, Louisville, Ky., gold watch, value, $200; James B. Fowler, Harrisburg, Pa., silver hunting-case watch, value, $75; Rev. William Peyser, Milwaukie, Wis., Wheeler & Wilson sewing machine, value $125; J. J. Bickford, San Francisco, Cal., gold lined silver tea set, value, $300; Edward L. Rice, St. Louis, Mo., melodeon, value, $250; Miss Helen E. Sinclair, Detroit, Mich., diamond cluster ring, value, $225; Horatio G. Frost, Chicago, Ill., large oil painting, value, $300; Mrs Charlotte E. Hewins, Doniphan, Kansas, Chickering grand piano, value, $700, and music box, value, $65.

Many names could be placed on the list, but we publish no names without permission. Our patrons are desired to send us U. S. currency when convenient.

LOUIS A. GARNETT.....President and Manager
JOHN HEWSTON, Jr...Chemist and Superintendent

This Company having greatly enlarged their Refining Works, and introduced many other important improvements, are pleased to announce that they feel warranted in greatly reducing materially their terms of doing business.

The Tariff of Charges

Which they now submit to the public—considered with reference to the cost of material and labor—is lower than in any other part of the world, and secures to the mining interest of this coast an important increase in both the minting and commercial value of bullion.

Their charges hereafter will be as follows:

For Assaying Deposits for Unparted Gold Bars.

One-eighth of one per cent. (heretofore a quarter) for all amounts over $1,000, and two dollars for any smaller sum. Returns made in twenty-four hours.

For Assaying Deposits for Unparted Silver Bars.

Two dollars for the gold contained, up to $1,000, and one-eighth of one per cent. for all amounts over that sum, and one per cent. on the silver contained. Returns made in twenty-four hours.

For Refining Deposits made for Coin or Fine Bars.

On bullion under 300 parts gold, 2 cents per ounce.
On bullion from 300½@600 parts gold, 4 cents per ounce.
On bullion from 600½@750 parts gold, 6 cents per ounce.
On bullion from 750½@949½ parts gold, 8 cents per ounce.
Above 950 the only charge will be for coinage. But there will be no charge for refining less than two dollars.

For Coining Gold.

This charge will be the same as at the Mint—a half of one per cent.—and which is paid by us to that institution. But there will be no charge in future for making fine gold or silver bars from bullion refined by us.

Returns in Coin Made in Forty-Eight Hours.

Silver contained in deposits for coin will be accounted for at the same rate customary at the Mint.

Gold bars of other Assayers in good standing, will be cashed by us at the highest market rates.

Dust and bullion can be forwarded to us from any part of the country, and returns made through Wells Fargo & Co.'s Express.

Charges at U. S. Branch Mint.

For the convenience of those not familiar with the terms of the Mint, we subjoin the tariff of charges now in force at that Institution:

For refining bullion under 300 parts gold, 3 cents per ounce.
For refining bullion from 300½@600 parts gold, 5 cents per ounce.
For refining bullion from 600½@750 parts gold, 7 cents per ounce.
For refining bullion from 750½@830 parts gold, 11 cents per ounce.
For refining bullion from 830½@949½ parts gold, 14 cents per ounce.
The charge for coinage is half of one per cent., and the charge for making fine silver bars, the same.

Comparing the net value of deposits for coinage, with the proceeds of unparted gold bars sold in the market—assuming that the bars have cost ½ of one per cent.—they must be sold at the following par rates to equal the return which would have been made had they been deposited for coinage:

830 par to equal Mint return, at refining charge of 14 cents.
845 par to equal Mint return, at refining charge of 11 cents.
865 par to equal San Francisco A. & R. Works return at refining charge of 8 cents. [mr21-3m-is
